선수과목 및 지식					
교수목표	This class provides a basic introduction to the history of European art from Antiquity to Post Modernism and Contemporary developments. How are social values, norms and historical context reflected in Western visual arts? Students will deepen their understanding of Western culture, society, history and their manifestations in paintings, drawings, sculptures and installations. The course offers a combination of theoretical, aesthetical and historical perspectives on art as well as providing hands-on experiences for students. Students will independently research and present an art historical theme in class. Students will have the opportunity to learn and practice techniques for a successful presentation. English language knowledge is required, class will be taught in English.				
강의개요	This course will focus on selected topics in Western art history and how visual art responds to society and historic events. Periods from Ancient Egypt, Greek and Roman Antiquity, Medieval times and Renaissance, Baroque, Romanticism, Impressionism, Expressionism, 20th Century Modernism, Post Modernism until Contemporary developments will be covered. The class will include lectures, demonstrations, art activities and student presentations as well as drawing exercises. Class will be taught in English. * 장애학생의 경우 장애학습지원센터와 강의 및 과제에 대한 사전 협의가 가능합니다.
